Marketing, Social Media Management & Website Maintenance

Proposal for the Tecumseh Business Improvement Area · Term: January 1 to December 31, 2027

01 Our understanding of your needs

The Tecumseh BIA needs a partner who keeps its channels active every week and, above all, **puts its member businesses in front of the community**: two shoots a month, eight videos, ten posts and twenty Stories, coverage of mixers, night markets, grand openings and the AGM, SEO articles that link back to each featured business, routine website updates, the Tecumseh Dollars Sale, and a monthly meeting where results are reviewed and new ideas are brought to the table, not just tasks executed.

We read this as three goals: **more people discovering Tecumseh businesses**, **more engagement and followers for the BIA**, and **more traffic to tecumsehbia.com and to the featured businesses**. Everything below is built around those three goals.

02 Company information

Company	TWO&HUMAN
Primary contact	Julio Briones, Co-founder (Digital Marketing & Web) · Team: Mariam Neme, Co-founder (Software Engineering)
Address	Yerba Buena, Tucumán, Argentina
Telephone / WhatsApp	+54 381 509 8972
Email	julio@twoandhuman.com
Website & social	twoandhuman.com · linkedin.com/company/two-human
Years in business	Founded in 2026

03 Relevant experience

We will be direct: TWO&HUMAN is a new, two-person agency. **We have not yet worked with a BIA, a municipality or a Canadian organization**, and we will not list experience we do not have. What we offer is a team that combines marketing and software in-house, focused on owner-run local businesses, and a working method built on clear monthly deliverables, honest reporting and direct communication with staff and boards.

RFP area	What we do
Social media & content	Monthly content calendars, carousels, Stories, captions and community management for Instagram, Facebook, TikTok and YouTube Shorts.
Video production & editing	Short-form scripts, shot lists, editing, captions and platform-specific formatting for Reels, TikTok and Shorts.
Digital marketing	Campaign planning, paid social on Meta, and measurement focused on real outcomes (inquiries, visits, sales), not just likes.
SEO & website management	On-page SEO (titles, headings, metadata, internal and external links) and website builds and maintenance by our software co-founder.
Local business marketing	Our work is built around small, owner-run businesses that depend on their community.

04 Portfolio

- As a new agency, our public portfolio is still small. Samples of our content and ad work are available on request.

Because we are new, page 3 includes a **sample first-month content plan for the BIA**, so the subcommittee can judge our ideas on its own needs.

05 Approach & strategy

Growing the following

- **Collab posts** with every featured business on Instagram, so each feature reaches the business's own followers, not only the BIA's.
- A fixed weekly rhythm, so the community learns when to expect new content.
- Re-shares of member and partner content, and local hashtags and keywords for Tecumseh and Essex County.

Increasing engagement

- Polls, questions and "this or that" Stories every week.
- Replies to comments within one business day; direct messages, complaints and sensitive matters forwarded to the BIA, as the RFP asks.
- Daily interaction with member businesses, organizations and residents.

Promoting local businesses

- Each featured business gets the full package: shoot, reel, carousel, Stories and an SEO article on tecumsehbia.com with a link back to its site.
- Multi-business videos and carousels built around themes (date night, gifts, winter warm-ups), so several members benefit from one piece.

Compelling video content

- Hook in the first two seconds, real people, real places, captions on every video, under 45 seconds for most reels.
- Recurring series that people recognize and look forward to (see page 3).
- The two review videos (6 and 12 months) show what the BIA achieved for its members.

Website traffic & SEO

- Business features turned into SEO articles with clear titles, headings, metadata and backlinks to each business.
- Every social post that has more to say points back to the website.
- Monthly local SEO recommendations and routine updates to events, the directory, promotions and board information.

BIA initiatives & community awareness

- Two initiative videos a month, a Tecumseh Dollars Sale campaign across the website and social channels, and full coverage of mixers, night markets, grand openings and the AGM.

Measuring and reporting

- A baseline audit in December 2026, before the contract starts, so growth is measured from a real starting point.
- A monthly report covering everything in section 11 of the RFP, reviewed at the strategy meeting with recommendations for the next month.

06 How we would deliver from Argentina

On-site production in Tecumseh. The two monthly shoots and event coverage need someone on the ground, so we have kept that cost separate from our fee. The BIA can choose: **(a)** work with a local photographer and videographer of its choice, or **(b)** let us find one in the Windsor-Essex area. In both cases, TWO&HUMAN plans each shoot, prepares the shot lists, directs (live by video call when useful), edits, writes, publishes and reports. The photographer is paid at their own rate, with no markup from us. We estimate **CAD 1,100 to 1,800 per month** for two half-day shoots plus average event coverage. If you choose option (b), we will introduce the photographer before the contract starts.

Same working hours. Tucumán is two hours ahead of Tecumseh, so our working day fully overlaps with yours for meetings, approvals and quick replies.

Presentation. We would be glad to present to the Marketing Subcommittee by video call. If in-person attendance is required, please let us know and we will confirm our options.

07 Monthly workflow

When	What happens
Week 1	Monthly strategy meeting: report review, featured businesses, events, promotions and new ideas. Content calendar approved.
Weeks 1 to 4	Two shoots and event coverage as scheduled. Editing, posting and engagement every week.
Every week	1 business feature carousel, 1 standard post, 5 Stories, plus videos as planned. SEO article for each business feature.
End of month	Performance report prepared for the next meeting.

08 Sample first-month plan (January 2027)

Recurring series give the BIA a recognizable voice. Names and topics are proposals to refine with the BIA.

Series	What it is	January example
"Meet the Owner"	Business feature: reel, carousel and SEO article.	Four members, one per week, chosen at the first strategy meeting.
"Main Street Minute"	Multi-business video and carousel around one theme.	"Winter warm-ups in Tecumseh" and "New year, new local favourites".
"Inside the BIA"	Initiative videos explaining what the BIA does for members and residents.	"What is the Tecumseh BIA?" and "How Tecumseh Dollars work".
"Shop Local Tip"	Standard posts with business resources and community information.	Four weekly posts on resources, tips and upcoming BIA dates.
Weekly Stories	Polls, questions, behind the scenes and re-shares.	"Which local spot should we feature next?" poll, with the winner featured in February.

09 Pricing

A fixed monthly fee in Canadian dollars for all standard services and deliverables in the Scope of Work, fixed for the 12-month term. The only exception is on-site shooting, which is billed separately so the BIA can see exactly what it pays for.

Included in the monthly fee	Not included (quoted separately, with prior BIA approval)
• Planning and direction of 2 shoots per month: shot lists, scheduling with businesses and live direction by video call • Planning and editing of event coverage as listed in the RFP: quarterly mixers, 2 night markets, up to 6 grand openings and the AGM • 8 videos per month, plus the 6-month and 12-month review videos • 6 carousels, 4 standard posts and 20 Stories per month • Social media management and engagement on Instagram, Facebook, TikTok and YouTube • SEO articles for business features and routine website updates • Monthly strategy meeting and performance report	• **On-site photographer and videographer** for the 2 monthly shoots and events, paid at their own rate with no markup. Estimated CAD 1,100 to 1,800 per month. We can find one for you if you wish. • Major website redesign or development, hosting changes and technical troubleshooting beyond routine maintenance • Paid advertising budget • Event coverage beyond the events listed in the RFP • Printing

Payment terms: monthly invoice in CAD, payable within 15 days by international bank transfer.

10 Proposal pricing form

Company / Proponent name	TWO&HUMAN
Primary contact	Julio Briones, Co-founder
Email	julio@twoandhuman.com
Phone	+54 381 509 8972
Monthly fee	CAD $2,000.00
Applicable taxes	Not applicable (non-resident supplier based in Argentina, not registered for GST/HST)
Total monthly cost	CAD $2,000.00, plus on-site photography billed separately (estimated CAD 1,100 to 1,800 per month)
Additional hourly rate	CAD $60.00 / hour

11 Declaration

By submitting this proposal, TWO&HUMAN confirms that the information provided is accurate and complete; that we have reviewed and understand the Scope of Work; that the proposed monthly fee represents the cost to provide the services outlined in this RFP; that any exclusions or additional costs have been clearly identified; and that we are prepared to enter into a twelve-month agreement with the Tecumseh BIA if selected.
